

# AGENDA

## Internet of Things

Date: 7 June 2018

13:00 – 16:00

SOVAREX project: <http://sovarex.nipne.ro/>

Event organized by: IMT Bucharest, IFIN HH and Magurele High Tech Cluster

Location: National Library of Physics, IFIN HH, Magurele

- 13:00- 14:00    *Registration and Lunch*
- 14:00- 14:15    *Nuclear facilities and extreme light infrastructures are possible fields of applications for Internet of Things?, Speaker: Acad. Nicolae Victor Zamfir, IFIN-HH*
- 14:15- 14:30    *There is a business model here?, Speaker: Dragos Seuleanu, IFIN-HH*
- 14:30- 14:45    *There are legal and ethical aspects involved?, Speaker: Raluca Stoicea, IFIN-HH*
- 14:45- 15:00    *Some methods to avoid the greatest risk, i.e. not taking any risk; are the scientists & the engineers ready for this?, Speaker: Dr. Nicolae Varachiu, IMT Bucharest*
- 15:00- 15:15    *The main potential risks generated by IoTs applied in nuclear facilities and extreme light infrastructures, Speaker: Mitica Dragusin, IFIN-HH*
- 15:15- 15:30    *The main public communication risks in promoting IoTs for nuclear facilities and extreme light infrastructures, Speaker: Dragos Seuleanu, IFIN-HH*
- 15:30- 15:45    *Coffee break*
- 15:45-16:00    *Conclusions*
