

Günter Krasser

2018	Vice President & Managing Director Infineon Technologies Romania R&D centers with 700+ engineers in Romania developing semiconductor solutions for Automotive, Industrial and Security Applications
2016	Head of Marketing Infineon Technologies AG, Munich Head of product category Automotive Radar Systems
2013	Head of Marketing Infineon Technologies AG, Munich Head of product category Tire Pressure Monitoring Systems
2011	Head of Program Management Infineon Technologies Austria AG, Graz Automotive Radar Sensors, Tire Pressure Sensors, Remote Keyless Entry Solutions and 3D-Camera Sensors
2007	Head of Sensors R&D Department Infineon Technologies Romania, Bucharest Integrated Magnetic and Pressure Sensors and Short Range Wireless Communication
2005	Manager of Development Team Infineon Technologies Austria AG, Graz Chip Design for Short Range Wireless Communications Receiver
2003	Program Manager Infineon Technologies Austria AG, Graz Short Range Wireless Communications Receivers
2001	Project Manager Infineon Technologies Austria AG, Graz Short Range Wireless Communications Receiver
1999	RF Design Engineer Infineon Technologies Austria AG, Graz Integrated radio frequency circuits for short range wireless applications

University Degree	MSc in Telematics (Communication Technology, Electronics & Computer Science) Graz University of Technology
Nationality	Austrian
Others	Member of Board of Directors of Romanian-German Chamber of Commerce (2020-2026)
